

## LEARN ABOUT THE PROJECT:

PNO GROUP

## Title of the project:

“Empowering bioeconomy projects by deploying Technical, Business, Regulatory and Social assistance services”

● Empowering bioeconomy projects by deploying ●  
Technical, Business, Regulatory and Social assistance services

## Objective:

PNO GROUP

ToBeReal is a 5-year European initiative supporting bioeconomy projects through technical, business, regulatory, and social innovation expertise.

It focuses on empowering the bioeconomy sector, with a special emphasis on underdeveloped regions, ensuring broad and inclusive impact.

● Empowering bioeconomy projects by deploying ●  
Technical, Business, Regulatory and Social assistance services

PNO GROUP

## Main Expected Results:

ToBeReaL aims to unlock the bioeconomy's potential by addressing funding fragmentation and providing robust support across bio-based value chains. The project focuses on:

- **Technical and financial assistance:** Helping projects overcome challenges related to funding and technical feasibility. ➡
- **Regulatory and legal guidance:** Navigating complex regulatory landscapes to facilitate innovation.
- **Social innovation support:** Encouraging multi-actor collaboration to promote inclusivity and stakeholder engagement.

● Empowering bioeconomy projects by deploying ●  
Technical, Business, Regulatory and Social assistance services

PNO GROUP

➤ **Start date:** 1st November 2024

➤ **End date:** 31 October 2029
